

ID	Description
GO:0001666	response to hypoxia
GO:0006357	regulation of transcription from RNA polymerase II promoter
GO:0007420	brain development
GO:0005829	cytosol
GO:0016020	membrane
GO:0005515	protein binding
GO:0031267	small GTPase binding
GO:0042802	identical protein binding
GO:0046872	metal ion binding
GO:0003714	transcription corepressor activity
GO:0003779	actin binding
